

USING THE ZIML PLATFORM IN YOUR CLASSROOM

Daily and Monthly math practice to introduce students to more advanced problem solving strategies and build their conceptual understanding.

FREE FEATURES

- Daily Magic Spells: A new math problem each day that ranges in difficulty from upper elementary to high school.
- Leaderboards to track progress.
- Forums for problem discussion and challenge questions.

SUBSCRIPTION FEATURES*

- Monthly ZIML Math Competitions
- Full solutions after the contest
- Contest winners and history of results.

*Subscription fees can be waived for educators interested in using ZIML in the classroom.

DAILY MAGIC SPELLS

- A great warm up to start the class and engage students in problem solving.
- An extra problem for advanced students who finish work early.
- Homework or extra credit students can do anywhere.

MONTHLY ZIML COMPETITION

- As a monthly assessment to track student problem solving growth.
- For discussion materials for a math club or team.
- Build a history of competition results to build a better college admissions profile.

ADDITIONAL FEATURES

- Math Contest Archive and Mock Exams including real math contests such as the AMC 8/10/12 and AIME.
- Online forums for additional questions and discussion.
- Teacher's page for additional resources.

ZIML COMPETITION BOOKS

- Contains questions and solutions for the 9 monthly contests each year
- Available in 5 divisions, ranging from upper elementary to advanced high school material.
- Purchase at areteem.org/bookstore or contact us for purchase orders.

THE ZIML APP IS AVAILABLE FOR BOTH IOS AND ANDROID DEVICES. DOWNLOAD IT TODAY AT ZIML.ARETEEM.ORG, APPLE APP STORE, OR GOOGLE PLAY STORE
